

Objective: Provide authentic market evidence for every expense listed in the costing report to secure the maximum 30-mark allocation [810 ¢].

1. Scope of Work (The Evidence Portfolio) You are responsible for collecting **real-world quotations** or **screenshots** for all items identified in our plan. Each evidence piece must show the price, specifications, and source.

2. Mandatory Items to Document:

- **End-User Gear:** High-end Gaming PCs (70 units) and Admin Workstations (30 units).
- **Networking Hardware:** Core Router, L3 Switch, and two 48-port Managed Access Switches.
- **Wireless Gear:** Six (6) Wi-Fi 6 Access Points.
- **Server Farm:** Specific servers for Game, Web, FTP, Streaming, and Tournament Management.
- **Cabling & Extras:** CAT6 cable boxes, RJ45 connectors, and software licenses (Windows 11/Antivirus) [621 ¢].

3. Submission Requirements:

- **Visual Proof:** Every price mentioned by Mustafa in the "Costing" section **must** have a corresponding screenshot in your "Appendices" section.
- **Professionalism:** Organize the screenshots clearly with labels so the instructor can easily verify our "minimal cost" claim.
